PARTS LIST

MODEL FS1K

FOREWORD

This Parts List relates to the parts in use for the Yamaha FS1-K. When you are ordering replacement parts for the FS1-K, refer to this Parts List and quote both part numbers and part names correctly.

1. Structure of Part No.

Yamaha parts are divided largely into two categories; general parts and standard parts, and each part No. has the following structure:

Note: Every standard No. begins with 9.

2. How to Use this Parts List

- (1) Except for steel balls (whose size is indicated in inches), the size of all parts is indicated in millimeters in the following manner.

Pipe (rubber or vinyl) Inside diameter - length

O-ring Section area - inside diameter

Washer, shim, collar Inside diameter - outside diameter - thickness (length)

- (2) Parts, which are to be supplied in the form of assemblies, are listed with an indention of one letter's space, and a dot (.) is put

against the name of each part. If any two different assemblies (e.g., right and left side components) consist of almost the same type components, these two assemblies are listed in two lines, and then the names of component parts are listed in the subsequent lines with an indentation as mentioned earlier. The quantity of parts is given in the following manner; that is, in the case of parts being the same in type between the right and left, a total quantity of parts is given. On the other hand, if the right and left side parts are different in type, the quantity of part(s) on each side is given.

Hr.YAMAHA knallertforhandler,

De bedes,i egen interesse,foretage følgende rettelser i
Deres katalog over FS1K:

Skriv under REMARK rubrikken i højre side de numre der
bærer betegnelsen H.L.(heavy load) ud for de numre der
står som STD.

Heavy load betegnelsen står for tung last d.v.s. FS1K får
en hårdere affjedring.

Iøvrigt taler fabrikkens brev for sig selv.

Dear Sirs,

We are pleased to announce to you that we will apply the suspension
system for heavy load to FS1K shipment from May, as we notice that most
of the motorcyclists in your country prefer riding with passengers.

The number and name of the new parts are as follows:
